Panel 1 – Tsunami hazard, modelling and risk

What is the current state of the science, where can it be found, and what are obvious gaps?

Lucinda Leonard, University of Victoria – hazard research

Tania L. Insua, Ocean Networks Canada NC – tsunami modelling

Enda Murphy, National Research Council – marine engineering

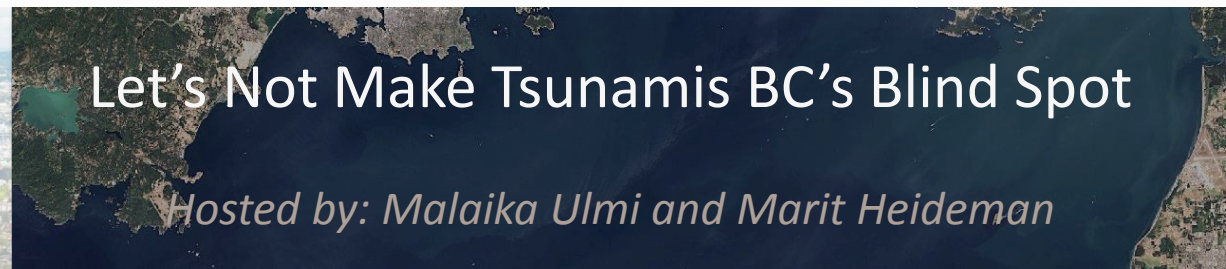

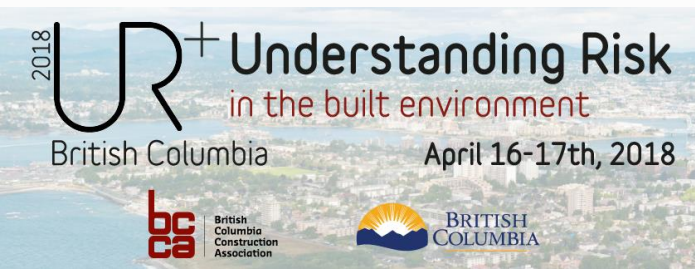

Panel 2 – Experience on the ground

What are some challenges for BC and remote coastal communities? How do we protect citizens and infrastructure?

Gwyn Lintern, Natural Resources Canada – marine geohazard research

Trent Bossence, Kitimat Fire Chief – local responder

David Mason, LNG Canada – infrastructure safety
